

#ONLYONEEARTH#WORLDENVIRONMENTWEEK

WORLD ENVIRONMENT WEEK-2022

5-10 June

#OnlyOneEarth

WORLD ENVIRONMENT DAY 2022

Sweden
Sverige

We have
#OnlyOneEarth.
What will you do
to protect it?

“In the universe are billions of galaxies,
In our galaxy are billions of planets,
But there is only One Earth”

CLIMATE CHANGE

Greenhouse gas emissions must be halved by 2030 to limit the average global increase in temperature as a result of global warming to 1.5°C. **Plant your own veggie garden and buy local produce to reduce fuel emissions that result from transport of fresh produce.**

NATURE & BIODIVERSITY LOSS

40% of the world's population is affected by ecosystem degradation. **Grow indigenous plants in your garden to encourage biodiversity and limit your use of pesticides and herbicides.**

POLLUTION

Nine out of ten people breathe polluted air. **Reduce your reliance on fossil fuel energy. Consider solar energy.**

WASTE

9.2 billion tons of plastic was produced between 1950 and 2017. **Reduce, re-use, and recycle all your waste, wherever possible.**
